

Health Storylines™ Mobile App — Free Self-Care Tool with Access to Drug Discounts

Health Storylines™ is a free mobile self-care app that makes it easy for you to track and manage your health conditions. It also allows you to access the NeedyMeds drug discount card and other informational resources on assistance programs.

<https://www.needymeds.org/storylines>

A drug discount card you can take anywhere

The NeedyMeds drug discount card is conveniently pre-loaded in the Health Storylines™ app and is accessible from your mobile device at any time. You can use the in-app drug discount card immediately at participating pharmacies to save up to 80% off the cash price of your prescription medications.

Customizable self-care tools that work with you

- Medication Reminder
- Symptom Tracker
- Daily Mood Tracker and Journal
- Vitals Tracker (e.g. weight, blood pressure, etc.)
- Pain Rating Scale
- Ability to sync with wearable devices (e.g. Fitbit)
- And more...

As you track and monitor your health with the app, your inputs are summarized on a feature called *My Storylines*. This feature can help you learn more about your health, generating more accurate information that you can share with your doctor when you see them next.

Help researchers improve patient-centered care

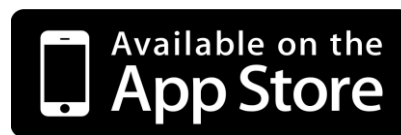

By using the Health Storylines™ app, you anonymously contribute valuable data to patient-focused research organizations so that one day, others within the patient community can benefit from more personalized and effective therapies.

Still using the NeedyMeds Storylines™ app? Click on the link below to download the latest version of the Health Storylines™ app on your mobile device and log in with the same account credentials to access all of your previously tracked data and information.

Need help getting started with the Health Storylines™ app? Contact the toll-free app helpline at 1.844.475.4637 or email support@healthstorylines.com.
