

Springfield Public Schools PAT:

Parents as Teachers is a free, voluntary program that serves families with children from prenatal to kindergarten entry. Based on home visits and screenings, the number of visits offered varies family to family. Every child is offered a developmental screening once per year. All Parent Educators are SPS employees and have had extensive background checks. Group connections and access to a resource network are other benefits of participating in the program.

The screening department will be conducting virtual screening appointments to meet the needs of the SPS school district families and the current health guidelines. Please submit one request per child. You will be contacted to set up the appointment.

**Kindergarten
Registration**
